

Invoicing requirements

All invoices must:

- Be addressed to the appropriate entity – “Ramboll” isn’t sufficient
- Contain the correct company address
- **Include reference to the person who ordered the services or goods**
- Include itemized descriptions of goods/services rendered
- Include invoice number, date and payment terms which align with contract (where applicable)
- Tax amount and rate (where applicable)

All US and UK invoices **must** refer to a valid purchase order number. Invoices without a purchase order will be returned, resulting in delays in payment.

Please submit invoices by email.
